Land Rover/Range Rover (non genuine) ZF 6HP26 6 Spd Automatic Trans Steel Sump/pan Conversion Kit

. For Land Rover Discovery 3 & 4,
and Range Rover Sport Models.

. Prevent engine damage by
changing your transmission oil at
60,000k intervals.

. Comes with non genuine zf steel
pan, with new heavy duty metal/
rubber pan gasket
(Guaranteed not to leak)

. This model comes with a handy
drain and fill plug.

. The factory pan is plastic and
the filter is molded in, making it
impossible to replace without a
huge amount of time and effort.
By converting to the steel pan, in
subsequent changes you will only
need to change the filter.

. New bolts and new filter supplied.

. Save yourself time and Money
