Reduction in Noise

Approx. 50% noise reduction versus a typical forced air heater.

Cleaner Combustion

Dedicated combustion air provides tightly controlled air/fuel ratio for optimum combustion.

Precise Temperature Control

Convenient thermostat for varied heat output and precise temperature control.

Maintenance Free Operation

High performance pump does not require replacement or adjustment. No critical air filters to clean/replace.

Cold Weather Performance Guaranteed

High performance pump - not air pressure sensitive.

Increased Efficiency

Energy efficient motor.

Product Durability

Cool down cycle built in for longer lasting components.

Multi Fuel Capable

Conveniently run kerosene or diesel fuel.
